Brown Eyes

Wolf Colony

I love to make love, I love it when you wear them things
That I like and they slide down your thighs everything seems alright
I love it when you put your back on my front and my tings come alive
I got a thing for them eyes, them pretty brown eyes
And them city guys look back when they see us walk by
When I see you smile, I lock that 'cos me and you are tight
And its been a while since we reacted and acted wild
But I love the fact that you trust me too
No other girls done it so it must be you
Boys will be boys and yeah, I get blusky too
But I try my best to think of you
I love the fact that you tell me anything
And everything that I need to know
If your girlfriends, boyfriends, boys have got dough
When your best friends telling you fuck that Kano
I'm telling you she's bad minded, jealous, I'll tell her for you
I won't get violent but I know her type
I love when you go silent when you know I'm right
See the position I'm in people talk, don't listen
They see you and wanna be in your position
And every boys wish is that it could be them and you
So I depend on you to keep them wishing
Listen to me, I like you, wait, nobody above just me
Beside you see but I don't wanna fall in love
Na, I don't wanna fall in love, I don't wanna fall in love
But your brown eyes have got me hypnotized
Maybe, we could give it a try but I don't wanna fall in love
Na, I don't wanna fall in love, I don't wanna fall in love
But your brown eyes have got me hypnotized
Maybe, we could give it a try but I don't wanna fall in love
It's not official but your mine and you know it
So when boys move to you they move away in no time
I love that you understand sometimes I got no time
And you don't make me choose between you and studio time

I couldn't cope with you gone, I love your phone calls
It's only cool for you to call me when east enders is on
I don't tend to be wrong but are you right for me
Would you link me after the show and stay up all night for me

You want me to be faithful and I want you to be let's meet in the middle
Truthfully, I think how beautiful our youths can be
It used to be about your face and your body now
I love to be with you 'cos chillin' with you's like my hobby
I can see me livin' with you, no time soon
But imagine me and you shopping with a baby in the trolley
But maybe if we fall in love too young we'll get bored
Remember life begins at 40 and by 30 we'll be acting naughty
But if we don't it might come back to haunt me
But if you hurt me then I'll have to hurt you
Then if I hurt you will you desert me
But it should be you and me sittin' in a tree K I S S I N G
But I don't wanna fall in love, na, I don't wanna fall in love
But your brown eyes they got me hypnotized
Maybe, we could give it a try but I don't wanna fall in love
But I don't wanna fall in love, na, I don't wanna fall in love
But your brown eyes they got me hypnotized
Maybe, we could give it a try but I don't wanna fall in love
Na, I don't wanna fall in love, I don't wanna fall in love
But your brown eyes they got me hypnotized
Maybe, we could give it a try but I don't wanna fall in love
I don't wanna fall in love, I don't wanna fall in love
But your brown eyes they got me hypnotized
Maybe, we could give it a try but I don't wanna fall in love
Na, I don't wanna fall in love, I don't wanna fall in love
But your brown eyes they got me hypnotized
Maybe, we could give it a try but I don't wanna fall in love
