

# Forever Mine

[Marie Hines](#)

Oh, lay your sweet head  
Here on my chest  
Your breath on my neck Oh, safe in my arms  
Until the morn  
Until the dawn(hmm, hmm) Oh, my love, my life  
Always you and I  
Steady as we rise  
Be forever mine Sometimes when the fight  
Burns through the night  
Leaving you tired Ill wait for you here  
To hold you my dear  
And keep you my dear Id pull the stars  
Out of the sky  
Quiet the night for You and only you  
Could ever know  
How deep my love goes Oh, my love, my life  
Always you and I  
Steady as we rise  
Be forever mine (Instrumental bridge) (Chorus x2)
