

# It's What I Like About U

## Jason Kirkness

I like your baby blues  
When I'm staring at you  
I like your hair in the light  
Your kisses goodnight  
It's what i like about u

I like your cute little laugh  
That tattoo on your back  
Your sun kissed skin  
Where you end i begin  
It's what I like about u

But what i like even more  
Is when your jeans hit the floor  
Hit the lights  
Lock the door  
It's what I like about u

I like your little black dress  
i like your hair in a mess  
The way that you tease  
Brings this man to his knees  
It's what I like about u

But what i like even more  
Is when your jeans hit the floor  
Hit the lights  
Lock the door  
It's what I like about u

I like your baby blues  
When I'm staring at you  
I like your hair in the light  
Your kisses goodnight  
It's what i like about u
