Whistle

Jake Miller

She caught my eye as she was walking by
Cute face, great smile with some big brown eyes
Type of girl that's used to guys blowing kisses at her
But I didn't know what to say so I just whistled at her
LikeDamn, baby look at you go
From head to toe you're a "10" have I seen you befo'?
Id love to talk, I just don't know how to go about it
So instead I had to go and write a song about it
Haha how you doing? Tell me what your name is?
A simple conversation that's usually quick and painless
But, I'm sweating bullets, shaking in my shoes
The angel on my shoulders says I got nothing to lose, but
Girl, can you lend me some of your confidence
You'd a billionaire if currency was compliments
High heels, even higher self-esteem
Turning hands, breaking necks, when she step up on the scene
But, wait, hold up, I think she is walking my way
Come on man, you got this, today is the day
I know you're nervous dude, but don't show it
Will you finally make a move or will you blow it?
Shes getting closer now shes getting closer
Looking like a super model right out of a poster
Type of girl that's used to guys blowing kisses at her
But I didn't know what to say so I just whistled at her
LikeSame story just a different day
Got my inhaler with me, she take my breath away
My old man used to prep me with some pick-up lines
But when I see her not a single one come to mind
Man, I thought I had at least a little game
All this trouble and I haven't even got her name
Yo hitch, where you at, I need your help dude
This chick is playing with my brain like a game cube
Ha She got me feeling like a kid again
You'll be my Lois Lane, I'll be your Superman
Yea, but maybe first I should grow a pair
And find the courage to come over there
So, here I go, yea I think I'm ready
Rehearsed in the mirror 50 times already
But now I think that I should have done it 51

Cus'all I wanted to is turn around and run
I'm getting closer now, I'm getting closer
Shes like a super model right out of a poster
Used to guys blowing kisses at her
But I just couldn't find a word so I just whistled at her
LikeDamn, baby look at you go
From head to toe you're a "10" have I seen you befo'?
Id love to talk, I just don't know how to go about it
So instead I had to go and write a song about itDamn, baby look at you go
From head to toe you're a "10" have I seen you befo'?
Id love to talk, I just don't know how to go about it
So instead I wrote a song about it
Whistle babySo I whistled at her like[2x]
She caught my eye as she was walking by
Cute face, great smile and some big brown eyes
Type of girl that's used to guys blowing kisses at her
But I didn't know what to say so I just whistled at her
