Woo

Uh

I'm just in my zone You'd be lyin' if you said I wasn't something that you're into

Into (yeah)

Don't be stuntin' in front of your friends you know what I'm into

Into

Don't need to hide it

You could be mine, let's take it slow

Man he's a hater

I'll let it slide, I came for you You'd be lyin' if you said I wasn't something that you're into

Into (yeah)

Don't be stuntin' in front of your friends you know what I'm into

Into

Don't need to hide it

You could be mine, let's take it slow

Man he's a hater

I'll let it slide, I came for you (oh yeah) When I was in a party it was on me

I remember it all, it was last week

When I stepped in it was half three

Hennessy did spill on your jeans (get the cleaner)

Do you remember asking me what I'm into?

I replied "music, baby, follow my Insta"

Show you what I'm into, deep's what I'm into

All of you two-faced friends, yeah, I've been true You'd be lying if you said I wasn't something you were into

(Just tell me the truth girl)

You lying to yourself, I told you my name is Akelle

Been in and out of girls, must be able to tell

I've been dyin' for a chance to tell you I'm into you

(Just tell me the truth girl)

Just tell me you like me (tell me you like me)

Tell me you want me, yeah, yeah! You'd be lyin' if you said I wasn't something that you're into

Into (yeah)

Don't be stuntin' in front of your friends you know what I'm into

Into

Don't need to hide it

You could be mine, let's take it slow

Man he's a hater

I'll let it slide, I came for you Now I'm used to the stares and I'm used to the way that they speak when they

want it

And I watch how the jaws hit the floor when I walk in the room, they be on it  
I can see in your eyes you can hold it together, might tie it down if I knew any better  
Looks so good, speaks so good, I think I got a thing for a boy from the hood  
'Cause I'd be lying if I said you was just something that I'm into  
But I'd be lying if I said you was anything like I been through  
So I'mma be honest  
Make me this promise, yeah, yeah  
Hold it down when I'm out of town, when I'm not around, tell the world that I'm into you, yeah  
You'd be lying if you said I wasn't something that you're into (Hey-ey, yeah)  
Into (yeah)  
Don't be stuntin' in front of your friends  
You know what I'm into, into (won't be stuntin' in front of your friends)  
Don't need to hide it  
You could be mine let's take it slow (you could be mine)  
Man he's a hater, I'll let it slide (yeah) I came for you (uh, uh)  
You'd be lying if you said I wasn't something that you're into, into  
Don't be stuntin' in front of your friends, you know what I'm into, into  
Don't need to hide it, you could be mine let's take it slow  
Man he's a hater  
I'll let it slide, I came for you Listen  
You'd be lying if you said I wasn't something you was into  
Mama warned you about this shit too  
Bet she did  
Never been one for them to settle with  
Cellophane, wrapping it up as soon as I get with it  
Menacing, men have seen all the crud that I'm steppin' with  
Celibate, what are these words? Not comprehending it  
Ending it, mashing the works, that's where your belly get  
Trembling, baby you ready, that's how I end 'em  
Don't be stuntin' in front of your friends, you know what I'm  
into  
(Into), into, (into)  
Call me domino, follow it, baby girl that's what your kid do (kid do)  
So won't you take a stroll with me, girl? (Me girl)  
No stress off this, hold me girl  
'Cause I can make you scream (I can make you scream)  
Just put your trust in me  
You'd be lyin' if you said I wasn't something that you're into  
Into (yeah)  
Don't be stuntin' in front of your friends you know what I'm into  
Into  
Don't need to hide it  
You could be mine, let's take it slow  
Man he's a hater  
I'll let it slide, I came for you  
You'd be lyin' if you said I wasn't something that you're into  
Into (yeah)  
Don't be stuntin' in front of your friends you know what I'm into

Into  
Don't need to hide it  
You could be mine, let's take it slow  
Man he's a hater  
I'll let it slide, I came for you, woo! We riding, it's time I decided  
Forget all the pride and  
You're in for a surprising  
We riding, it's time I decided  
Na na na yeah  
Oh, yeah Yo just leave it, leave it leave it!
