

When You Gonna Come Around

Dierks Bentley

I've been knowin' you for a little while
You never fail to make me smile
We've never been together
It's just something we talk about
When you gonna come around
When you gonna come around
I'm the kind that likes to take it slow
Well that's just the kind, mmm
I like to get to know
I just wanna get started
I need you to show me how
Oh, when you gonna come around
I've been waitin' with a heart full of love
Just for you to say it feels right enough
I've been waitin' and a wonderin'
When you're gonna give in and just give up
Your love is the sweetest thing I have ever found
Oh, when you gonna come around

When you gonna come around
When you gonna come around
Sittin' alone tonight
And, just watchin' the clock
My mind is set on you, mmm
And, it never stops
We've never been together it's just something' we talk about
oooh

When you gonna come around
When you gonna come around
When you gonna come around
I've been waitin' with a heart full of love
Just for you to say it feels right enough
I've been waitin' and a wonderin'
When you're gonna give in and just give it up
Your love is the sweetest thing I have ever found
When you gonna come around
When you gonna come around
When you gonna come around
