Daydream

Concave

My daydream seems as one inside of you
Though it seems hard to reach through this life
Your blue and hopeless life
My daydream screams bitter 'til the end
The love I share, true, selfish to the heart
My heart, my sacred heart
My daydream dream
My daydream
My daydream dream

My daydream
I'm going crazy
I'm going crazy
I don't want feelings
Your feelings
I have gone crazy
Motherfuckin' crazy
I have gone
