

# I Have a Friend Above All Others

Sam Cooke

Somebody knows when I am taunted  
Somebody cares when things go wrong  
Somebody's love is always there to guide you  
And make you strong, oh Lord Lord, I have a friend, He's above all others  
His love is so far beyond brothers  
Eternal life is yours to know Him  
Savior divine, friend of mine But Lord, I cannot tell how much I love Him  
I cannot tell, all of my God's love for me  
I only know cannot be measured  
Deeper than the sea, Lord Jesus alone can know my sadness  
Jesus alone can bring me gladness  
I'm filled with joy just because I know Him  
Savior divine, friend of mine
