

Behemoth

Brock Berrigan

Abandon me, a horror scene
A time storm, a pile up
Exterminate it, calculate it
Ricochet, smart bullet Get louder, get higher
Get true to form behemoth
Verify, storm of the eye
To detonate the fusion Get it, get it, get it Bastards deformed
They're walking dead Wrecking, dragging
Nagging, sagging
Blocking, cocking
Smoking, choking Get louder, get higher
Get true to form behemoth
Intensity, it's hard to see
Diffusing the tune up Get it, get it, get it Wrecking, dragging
Nagging, sagging
Blocking, cocking
Smoking, choking Get louder, get higher
Get true to form, behemoth
Intensity, it's hard to see
Diffusing the tune up Get it, get it, get it
