

Seeing Is Believing

[Lizzie Sider](#)

Everybody looks away, nobody wants to tell me what's really going on
I wanna ask, I really wanna know, 'cause they gotta be all wrong
I know he loves me
He says he loves me
He would never lie to me You never know till you see it
Don't believe it
Can't be happening to you
You heard the whispers, heard the rumors
Nothing hits you like the truth
There he is with her tonight
Seein' is believin'
Seein' is believin' I wanna run away, I wanna cry, I wanna scream
Until the stars fall from the sky
I wish that it would go away
I wish that it was yesterday
Or I could close my eyes
He's holding her
She's kissing him
Can't let them see me cry It's like a slap in the face
It's like I've been erased
It's like it never meant nothin' at all
