

# Evidence of Abominations

## Massacra

(Lyrics : Greg Conan / Chris Palengat)

Reality is more cruel than fiction  
It is beyond all imagination  
Hate is a reality  
And violence a sin  
Dont run in the face of the enemy  
Because it comes from within  
Dont pass over it silence  
Cause its a matter of consciousness  
War is a reality  
And torture a friend  
Our lyrics are pleasant  
Compared to the end  
Evidence of abominations  
Open your eyes  
Its an actual fact  
Existence of abominations  
Dont close your eyes  
Its time to react  
Indifference is your excuse  
And ignorance your refuge  
The face of the evidence  
Is as sad as your true
