

# Shadow Kissing

## Hollie Cook

Im shadow kissing you, on my balcony  
Serenade from you, echos in the streets  
Oh I shall go to sleepOh we know were magical  
I hear your thoughts and you read mine  
I saw your footprints in the snow  
Well we played the game so fine  
Oh OhIm shadow kissing you, on my balcony  
Boy it makes me blue, I need your company  
Could you be more to me?Oh we know were magical  
I hear your thoughts and you read mine  
I saw your footprints in the snow  
Well we played the game so fine  
Oh Oh
