Brent Burns

Gather 'round now, everyone
Put your glass in the air
Sing along now, everyone
We've got a reason to cheer

Take it in, breathe it in
We are about to begin
Make the choice to use your voice
But don't get lost in the noise

[Chorus]
Skip classes, take chances, have fun!
Cause when it's over, it is done
Skip classes, take chances, have fun!

All the days come to an end
We shouldn't have to pretend
Everything we know could change
Will you remember my name?

I hope you do, honestly
I'll keep you in my memory
Make the choice to use your voice
But don't get lost in the noise

[Chorus]

I have waited so long to write this song for you
And I hope you like it
I have waited so long to write this song for you
And I hope you like it
I have waited so long to sing this song with you
And I know that you like it

[Chorus]
