

# We Are the Greatest (Extended)

## Scooter

There will be Scooter in the house  
We gonna rock you tonight  
And the incredible H.P. is gonna  
Make you feel right There is Ricky on the case and  
Wicked Axel too  
So come on join the party  
Make your body move All those sexy girls are dancing  
To the beat on the floor  
And the crazy guys are freaking out  
Like never before Turn up the volume  
And make the speakers blast  
Move your body to the rhythm  
Like this day is your last There 's a party in the place  
And you 'll be rock it tonight  
So bring your body with you baby  
And I make you feel right It 's a pretty celebration of a  
Natural kind  
And a pleasure your experience  
Will blow your mind Everybody will be dancing to  
The beat on the floor  
You really come to situations never  
Part of before Satisfaction guaranteed if you  
Know what I mean  
And if you walk in through that door  
It 's such a freaky scene  
Expecting More From Ratty I can 't change  
I just want to do it  
On the microphone just get into it  
Come on tonight from left to right  
Everybody now get ready for the night Tough like steel and dangerous  
We gonna rock the house, it 's still like this  
No time to chill so keep on moving  
Get into the place, MC is grooving Expecting more from Ratty As a matter of fact  
In '92  
I can 't explain  
It 's up to you If you know what I mean it 's the freaky scene  
And things have changed a lot in between  
So come on tonight and let them go  
For those about who left the show I recommend to join the case

The last call to rock the place Expecting more from Ratty
