

# Two Cigarettes In the Dark

Bing Crosby & Georgie Stoll & His Orchestra

Two, two cigarettes in the dark  
He strikes a match 'til the spark  
Clearly traces  
One face is my sweetheart Two, two silhouettes in a room  
Almost obscured by the gloom  
I was so close yet so far apart It happened that I stumbled in  
Upon their rendezvous  
I heard my sweetheart whispering  
"I love you, I love you, you know that I do"  
Two, two cigarettes in the dark  
Gone is the flame and the spark  
Leaving just regrets  
And two cigarettes in the dark It happened that I stumbled in  
Upon their rendezvous  
I heard my sweetheart whispering  
"I love you, I love you, you know that I do"  
Two, two cigarettes in the dark  
Gone is the flame and the spark  
Leaving just regrets  
And two cigarettes in the dark
