

Disease

40 Below Summer

Think about your life think about your life in the ground
Think about your pain think about it then suck it down
Think about the road think about that your on
Think about your life now its gone Face up - and change
Your time - displaced
No way - you're gonna
Escape If you could see through my eyes
You'll see I'm fucked up inside I can't get away I can't get away from this place
I am drowning in I am drowning in my mistakes
I can't get it off I can't get it off yes its real
I can't get it off theirs nothing to feel No life - this is the
Last time - I've got it
All wrong - ?????
????? If you could see through my eyes
You'll see I'm fucked up inside Can't you just see it's a trap
You been jacked you been smacked you been cracked
It's a fact in the black that's designed to hold you back
You can try you can die you can fly you can run you can hide But the pain that you feel inside
You been hooked you been booked you been shook you been took
Why can't you take a look
Take a look
Take a look You're gonna burn and bleed on your knees gonna Feel the freeze as you feel my disease
Feel the freeze as you feel my disease My disease
My disease
