

Worry

The Cerny Brothers

i don't know why i worry
i've got all that i need
yes, i walk through the valley
that's where i learned to see

i've been down in this messed up town
and i'm not ready to leave
you hear my song in the alley
because i sing it in the street

times are tough
the wind is rough
losing my feet
i've heard you talk
two can walk
not in this heat

i don't know why i worry
i've got all that i need
yes, i walk through the valley
that's i learned to see

i've been down in this messed up town
but i'm not ready to leave
you hear my song in the alley
because i sing it in the street

i've seen you grin
with a bloody chin
you're not what you seem
and i don't care
life ain't fair
it's okay to weep

i don't know why i worry
i've got all that i need
i don't know why i worry
i've got all that i need
