Make It Last for Life

US5

I can see you cryin' baby
You're the best thing in my life
I don't want us fighting cause it's
Tearin' up my mind
I don't wanna loose you in my life
You're the reason why I'm hurting deep inside
I'm gonna make it last for lifeAll good things in life
Have just all over sudden kind of gone away from me
Girl I've tried hard to slip by every word I said
I had to think of you in my mindNow I can find anyone who's right
I used to think I let you go
I've come to realize, ohI can't see you cryin' baby
You're the best thing in my life
I don't want us fighting cause it's
Tearin' up my mind
I don't wanna loose you in my life
You're the reason why I'm hurting deep inside
I'm gonna make it last for lifeNo space to hide
From the feelings overcoming me in bed at night
Out of sight, ain't out of mind
Because even though you were not here
You layed by my sideAnd all that I see
Is a vision of light leeding bright
To the one that I used to adore
Don't leave me stranded girl, I'm waiting
Oh baby baby baby yeah
