

# Bombshell

## Operation Ivy

She (she)(she) She's a bombshell

She (she)(she) She's a bombshell

oh yeah

Down in south oakland

Off east 14th its raining

Six a.m. on sunday and the bums are praying

Met her at a party we were drunk now were sober

She said its cold got a long walk home come over

Shes a bombshell

I've retraced my steps a thousand times

Seems I've spent hours asking all my freinds about her

Been six months but ill never be the same

Nobody remembers her name

Shes a bombshell
