

# I Dreamed I Dream

## Sonic Youth

Look before you leap, okay?  
(You slept)  
Do you read me?  
(Did I drift?)  
May all your dreams come true  
(Do I dream?)He's standing by the door  
(Do you read me?)  
He's got something in his hands  
(I'm not speaking)  
All the money's gone  
(Do you read me?)  
All the money's gone  
(I dream)The days we spend, go on and on  
Shift, fucking youth, working youth  
(I dream)(Sound today, are you sound today)  
May all your dreams come true  
(Are you sound today?)  
A lot of people suffer from impotence  
(Sound today, are you sound today)  
(Are you sound today?)All the money's gone  
(Today)  
(These things don't happen automatically)  
The days we spend, go on and on  
(I dream)Fucking youth, working youth  
Fucking youth  
(Edith moves each step)  
Working youth  
(The days we spent go on and on)(I dream)  
Fucking youth, working youth  
(Do you read me?)
