

# Ram It Home

## We Are Scientists

Saturday night at the big city speedway,  
Pints and not(?) fights and the girls here are easy,  
I thought you might not get it,  
I think I see why they ram it home.  
Ram it home. All my friends ask if my girlfriend is pretty,  
I said I don't really know, I only look at her titty.  
I thought you might not get it,  
I think I see why they ram it home.  
Ram it home. I know you won't forget it,  
Get on your knees while I ram it home,  
Ram it home.  
Ram it home.  
Ram it home.
