

# The Awakener (Epoch I - Summon The Legends)

## Kataklysm

[Epoch I - Summon the Legends] The West wind's erranted breeze swifted by the  
Vivid Clay.

As the old Batallion of invisible Forests haunt the  
Sylvan Mount...

And the Avatar was chanelling Yew's wildern-  
Ess decent Surroundings...

To celebrate an Oath undertaken at his 19th  
Anniversary...

A Rebirth on the 19th of February 1991.

... This historical Alliance of the Brother Houde;  
Set the Gem to summon the Legends...

And the Elixir was delivered to the Royal Clan.

And the Elixir was delivered to the Royal Clan.

A Name, a Shape and a Number was yielded...

From the Exhibited Landscape... From the  
Exhibited Landscape,

9 distinkted letters were granted into a Word of  
Sovereignty...

Then was graphed the 1st of the 9...  
Gates of Kataklysmity.

A 9 pointed Star lodging the 3 crafted Sigils...

From the Darkened Earth. ... From the Darkened  
Earth,

3 Trilogies adding 3 Trinities and 3 Volumes...

The 1st Order of the 9 has begone. A year will come when 3 Nines will collide...  
This year will be 1999.

The 1st Day of Renewal ending the year with this  
1st Day of Betrayal... 666 1st

Another Rebirth on the 19th og February 1999...

A Crusader will make, himself heard...

The Awakener... 666 1st.
