Two Halves

Kate Schutt

Remember when you were seventeen
You's goin' crazy, you know what I mean
It wasn't that long ago in the grand scheme of things
It wasn't that long ago, you think you're so much smarter nowTwenty one, everything stays in place
Forty one, somethings start to fade
Well, when you're so young you wanna be older
And when you're older you want the body you have nowI believe in a perfect world
You rule your own universe
The only gun you'd ever need will be in your brain
The only gun you'd ever need is in your handYou want this now you want that
Can't have it all, you should enjoy what you have
But I know what you want, well I know what you want
Well I know what you want, you want the better of two halves
Well I know what you want, well I know what you want
Well I know what you want, you want the better of two halves
