

# You And Me And Time (With Georgette Jones)

George Jones

[Georgette]

You were just a picture on my baby grand[George]  
Yours was in my wallet, I showed to all my friends[Georgette]  
But the world rolled in between us, keeping us apart  
Thank God we discovered we're still joined at the heart[Chorus: Both]

But you and me and time

Finally got together

I'm sorry that it took so long

But better late than never

The love we thought we'd lost

Was not that hard to find

It only took the three of us

You and me and time[Georgette]

I lost you to the spotlight, but kept you in my prayers[George]  
No matter where they took me, hon you were always there[Georgette]  
It's so hard when your hero is a stranger in your home[Both]  
Our love's like a mountain, one can't move it alone[Chorus][Georgette]

We can't light the candles on the birthday's that we missed

But we can hold each other and thank the Lord for this

Daddy you and me and timeFinally got together

I'm sorry that it took so long

But better late than never

The love we thought we lost

Was not that hard to find

It only took the three of us

You and me and timeIt only took the three of us

You and me and time[George]

I love you darlin'
