

Upside Down

Hawkwind

When I stand upside down
Can't get a thing together and I don't know why
 Oh dear you look so good
Don't you think it's heaven like you knew you would

 Oh dear what shall I do
(?????????????) reason and it's up to you
 I stand upside down
Can't get a thing together and I don't know why

 You know you look so fine
Can't get a thing together and I don't know why
 I stand upside down
Can't get a thing together and I don't know why

 Oh dear what shall I do?
(?????????????) reason and it's up to you
 I stand upside down
Can't get a thing together and I don't know why
