

# Medicate

## Gabbie Hanna

[Verse 1]

I'm unwell, thanks for asking  
Don't mind me 'cause I'm just passing by  
In this life, been a while  
Thought that you forgot, but that's alright  
How you been? Glad to hear it  
Just one question if you can bear it  
Do you ever miss me, too?  
'Cause I spend my days still thinking of you[Pre-Chorus]  
Should I take the pill to numb the pain?  
Change the chemicals inside my brain  
I worry I won't be the same  
But I guess that that's the point  
[Chorus]  
Can you medicate a broken heart?  
Make your tragedies a work of art  
Medicate a broken heart  
Build your walls up just to rip them apart  
Is there a way to fix this or is it a quick fix?  
I really couldn't say  
Can you medicate, medicate, medicate it away?[Verse 2]  
Doctors smile, kill me with kindness  
And don't ask about the side effects  
Swallow hard, kills sadness with science  
But the aftermath might make you sick[Pre-Chorus]  
Should I take the pill to numb the pain?  
Change the chemicals inside my brain  
I worry I won't be the same  
But I guess that that's the point  
[Chorus]  
Can you medicate a broken heart?  
Make your tragedies a work of art  
Medicate a broken heart  
Build your walls up just to rip them apart  
Is this the way to fix this or is this a quick fix?  
I really couldn't say  
Can you medicate, medicate, medicate it away?[Post-Chorus]  
Whoa, whoa  
Oh, medicate it away

Whoa, whoa  
Oh, medicate it away[Bridge]  
They say give yourself a break  
They told me to medicate  
I don't wanna medicate[Chorus]  
Oh, can you medicate a broken heart?  
Make your tragedies a work of art  
Medicate a broken heart  
Build your walls up just to rip them apart  
Is this the way to fix this or is this a quick fix?  
I really couldn't say  
Can you medicate, medicate, medicate it away?[Post-Chorus]  
Whoa, whoa  
Oh, medicate it away  
Whoa, whoa (Whoa)  
Oh, medicate it away[Outro]  
Oh, medicate it away  
Oh, medicate it away
