

I Like The Way

Tommy James And The Shondells

I got a cocaine woman and she's cookin' up a pound of pills
Another ride to the station and you know I'm gonna pay the bills, Lord
I gotta go see my baby, gotta run, run, run
The only girl, I loved it'll be the last one, I know, I know
Oh, she's hell on wheels, I know how she feels, boy
I like the way that she moves, when she moves me
I like the way that she feels, when she feels me
She don't complain when I say that I'm leavin', I'm in love
I got a cyclone woman that's cookin' up a pound of thrills
Another night she's away couldn't take, 'cause you know it kills, oh
I missed her for six days, I can't wait to see
That fine lookin' woman motherfucker lyin' next to me
Oh, she's hell on wheels, I know how she feels, boy
I like the way that she moves, when she moves me
I like the way that she feels, when she feels me
She don't complain when I say that I'm leavin', I'm in love, yeah, yeah
I've spent a lifetime finding you, oh my love
And I'd die a thousand times for you, my love
Yeah, I gotta run, run, run
Ooh, she'll be the last one, I know, I know
