

More of You

Victoria Monet

Just like the night sky, I am wide open, ready for fireworks
Crash into my moon light on your spaceship, you are my universe
And nothin' else matters but the climax of our sunrise

Oh I, I need more of you, so rain on me

I need more of you, you

I need more of you, so rain on me

I need more of you, you...Ohuhoo uhoohoo uho-oh-oh uho-ho-ho

Ohuhoo uhoohoo uho-oh-oh-oh uho.

Take me to para-dise with your movement, just like an ocean wave

Then we can float away on the music, I wanna sing your name

Cause nothin' else matters but the stars I see in your eyes

Oh I, I need more of you, so rain on me

I need more of you, you

I need more of you, so rain on me

I need more of you, you...Ohuhoo uhoohoo uho-oh-oh uho-ho-ho

Ohuhoo uhoohoo uho-oh-oh uho.

Run wild in all the love we make

Ignite your arrow and then take your aim

Light it up and let me feel the flame

Take me away, yeah...(Ah) Ohuhoo uhoohoo uho-oh-oh uho-ho-ho

Ohuhoo uhoohoo uho-oh-oh-oh uho.
