

Transgressor

NecroMorten

Transgressor I am
The one
Force of the future
Control
The new ways are stronger
Obey
(your) Weakness is (my) power
Downfall I'm the transgressor - Predecessor
Overstepper - Strong aggressor
Put your ways behind you
They only have confined you
They are the chains that bind you
Needn't I remind you
I am the tempter
Extravagant my ways
The world is my
Menagerie Freedom the dream of
The weak
Knowledge the scheme of
The meek
Boundaries of this world
Behind
Apes walking upright
Mankind Transgressor born to lead
I will satisfy your greed
Soon you'll understand
The power I command Transgressor the one
The process has begun
Soon you'll understand
The power I command Reality is gone
The new ways are strong
(Transgress)
