

# Christmas Prayer

Aaron Neville

This is my wish for everybody in the world  
To have peace and happiness  
And all the love that they deserve To every mother, every father  
Every baby child [Incomprehensible]  
This is my Christmas prayer To all those who are hungry  
May they never miss a meal  
All the broken hearted may they find a way to heal And all the homeless and the needy  
That they might have a coat to wear  
This is my Christmas prayer From my little house upon Valance Street  
I'm sending out these hopes to high above  
That this whole earth just might someday be  
A little better place for the human race From Lafayette to London  
From Buenos Aires to Beijing  
Let's be kind to one another  
And let that yuletide spirit ring Spread the message and the meaning  
Of the season everywhere  
This is my Christmas prayer From my little house upon Valance Street  
I'm sending out these hopes to high above  
That this whole earth just might someday be  
A little better place for the human race This is my wish, it may be a lot to ask  
But I'm hoping that a miracle  
Will finally come to pass And that all that I am saying  
Are just whispers in the air  
This is my Christmas, this is my Christmas  
This is my Christmas prayer
