Follow the Piper

Linda Lewis

Tambourine
Round the fire I have seen
He's dancing with the gypsy queen
Jangle tambourineViolin
Whisper to me through the wind
Telling tales of Seraphin
Softly violinJoin together, everybody
Such a simple melody
Leave your complex composition behind
Follow the piper and you will fly
Sound the noise to make you sigh
Peaceful song that would fly
Would fly, would flyFollow the piper
Follow the piper
Follow the piperHarpsichord
Play a melody to my lord
Change the chimes, a sweet accord
Gentle harpsichordFlute and harp
Sing the song so sweet and sharp
Tell me jokes to make me laugh, oh
Flow so flute and harpJoin together, everybody
Sucha simple melody
Leave your complex composition behind
Follow the piper and you'll fly
You'll fly, you'll flyFollow the piper
Follow the piper
Follow the piper
Woo, ooh ooh ooh yeah
