

# Dead Body

## Little Simz

Advisory - the following lyrics contain explicit language:

[Intro]

We all have our demons  
Our thoughts, our imperfections and our insecurities  
None of which make us inhumane  
This is our tale  
The proton, the neutron and the electron  
The positive, the negative and the ground  
The trial, the person, and the story of  
Do you wanna see a dead body?  
Prolly not[Verse 1]  
Real dark in the cemetery  
Where the souls lie, oh my  
What've I become, man I'm so high  
Quit killing my buzz  
Love drunk in the maze like, what have you done?  
Where the hell are you taking me?  
What are we running from?  
Demons in the back of my closet, don't talk to them  
You wouldn't want to be me, cos I've walked with them  
And it wasn't a nice walk; traumatised  
Left me in a bad headspace  
Lookin' to Heaven's door I been saved, or have I?  
Asked for forgiveness, can I or will I?  
Negative at heart, am I?  
Or shall I explain what the world done to me?  
You wouldn't understand what I been through Fully  
And these dark thoughts ain't nothin' new to me  
And nobody lovin' me; Everybody through with me  
Everybody lookin' at me different  
And nobody'll listen  
I can see you starin' at me what do you envision?  
No faith in me should I resort to religion?

But even I could never chase the life I'm livin'  
I'm a druggie; I'm a fiend  
Neva' been clean  
Soul's always been tainted  
Homeless; What'chu know about livin' on the street?  
Cold nights; You know right? Nothin' to eat  
Figured that you wouldn't give me money anyways, even though I hear the coins rattlin' in your jeans  
I ain't even beggin' no more  
Fuck it! Maybe I'll just beg a little more  
But don't judge me  
God above me, why do you have me livin' like a junkie?  
Fuck!  
Do you wanna see a dead body?  
Prolly not  
Dark clouds nigga a fuck a rainbow  
Nobody talk until I say so  
I just might sell my soul if it's worth anything  
But, we'll see how the day goes  
[Chorus]  
I just might sell my soul  
Cause I dont feel like I am a part of the world no more  
Will anybody miss me when I'm gone?  
Will anybody miss me?  
Have you ever seen a dead body?  
Prolly not  
I'mma sell my soul  
Cause I dont feel like I am a part of the world no more  
Will anybody miss me when I'm gone?  
Do you wanna see a dead body?  
Have you ever seen a dead body?  
Prolly not[Verse 2]  
Ooo mind's on overload  
Hit straight to the face might overdose  
This ain't the life I chose  
What would you know  
This ain't the beginning I ain't even come close  
Bare robbing activity indulge  
Is it very human I don't think I have a pulse  
Blacked out in the night nigga  
Devil on both shoulders and a motherfuckin' Angel to my right nigga  
Have you ever seen, a grown man cry?  
Never me, I shared that need of nicotine  
Heals me like medicine  
Gotta be aware all times  
Better be dog's eye

Air lookin' for a diff'rent pedigree  
I know you see it  
Never get too comfy  
Man I trust nobody  
Feds always wanna roll on me  
I ain't done it I'm so sorry  
You can take time, no hurry  
Even though that I ain't slept for days  
My body's achey but my mind's awake  
Said the flow is crazy, I should rhyme for change  
Oh dear lady gimme the time of day  
See when mind's away  
I can never own up to my mistakes  
Perhaps it'll take me to a higher state  
No escape, I'm tryna find a way  
I'm the one that you was tryna save  
Please give up you don't have time to waste  
This is real, I've been waitin' my whole life to feel  
Do you wanna see a dead body no chill[Chorus]  
I just might sell my soul  
Cause I dont feel like I am a part of the world no more  
Will anybody miss me when I'm gone?  
Will anybody miss me?  
Have you ever seen a dead body?  
Prolly not  
I'mma sell my soul  
Cause I dont feel like I am a part of the world no more  
Will anybody miss me when I'm gone?  
Do you wanna see a dead body?  
Have you ever seen a dead body?  
Prolly not
