

# Gold (Live at the Troubadour)

Jamie Scott

OohIf they crims and got cold and blue and they  
Chase this scream for hard and used but tonight,  
    Toniiight, I'm goldSearch for purple through  
        Blue and red berries  
        We lay down on this  
        Like the bed of tonight  
        Tonight I'm gold  
I'm go ooh ooh oldColors fadeback this  
    Nag will stay hero  
    Arms are lied to them  
        Certains grey  
        She's got darkened  
        Wants go deeper and  
        Love comes closer and  
Hearts get weakerUmmSo she whispers and to my ear  
    Words are spoken all I hear for tonight,  
    Tonight, I'm goldRose seem longer in  
        Life gets harder when  
        Wars gets crossed in  
        Life gets broken  
        Fears gets all  
        Hearts now has bruises  
    Words seems smaller when  
        I'm sadderUm  
        I'm gold  
        Um  
        I'm gold  
Yes, I'm go ooh oh ooh old  
    Oh, I'm go ooh ooh old  
    Yes, I'm go ooh old  
        Umm
