Rittz

Call 911

Call 911

Call 911

Call 911 She was irate cause she got off work late for the second time this week

Racing home in a white Ford Escape

Had a nice quiet place by the lake up in Washington state

Her fiancée was paid but he had to take a trip out to Vegas and they ain't got no family

Or neighbors close by so she called him on the phone and let him know that she had made it home safe

Might have spoke too soon, as soon as she went inside her bedroom a man with a mask lashed out from inside
of the closet

Put a knife up to her neck and said "Be quiet, try to scream and you'll be dead"

Ignoring what he said she screamed, it seemed to piss him off he shoved one of his gloves into her mouth

Tied her hands behind her back then he stabbed her in the abdomen and threw her on the bed

For 3 hours straight he tortured and raped her she tried to pray and fake like she was dead

She bled so much she knew that she was dying, closed her eyes

And when she opened them she noticed he was gone

Somehow she managed to make her wrists slide out of zip-ties

Used all of her strength crawling on the floor to lock the bedroom door

She made it to the nightstand and grabbed the phone and called 9-1-1

phone dialing

9-1-1 emergency

There's a man in my house, I've been stabbed!

ma'am calm down

help me!

is he still in the house?

i don't know, i know he's here

Whimpering

Ma'am calm down. Is he still in the house Ma'am?

Scream Call 9-1-1

You about to be a victim of a home invasion

Now your life is suddenly in jeopardy

You're praying someone rescue me

You about to die if you don't

Call 9-1-1

Call 9-1-1

You about to be a victim of a home invasion

Now your life is suddenly in jeopardy

You're praying someone rescue me

You about to die if you don't

Call 9-1-1 He was a single parent that had retired, him and his teen daughter live together

He never had problems with her as a kid

But she been misbehaving lately, that's a part of growing up

She was so in love with her new boyfriend - he was older

Her father told her he didn't want her seeing him

Cause she and him were skipping school just to sleep with him

And he could tell that they'd been doing drugs

Her father took her cell phone and car keys from her as punishment

Even threatened to send her to live with her momma

200 miles away but that would only make her hate him

Started plotting on her dad

One night when he sleeping he figured that he was dreaming cause he opened up his eyes

Saw his daughter staring at him from the bottom of his bed

And her boyfriend was standing right above him with a bat

Before he could react, or try to defend himself against her boyfriend, all you heard was whack

He hit him repeatedly, his daughter acted

Emotionless watching his blood splatter on the wall

Beat him to a bloody pulp for at least thirty minutes

There were fragments of his skull on the bed

Then her boyfriend left

Cracked the window, grabbed the telephone

She tried to play it off and called 9-1-1*phone dialing*
