Fallen

Keshia Chante

We was just walking,just smiling and talking
Then add to my surprise, got lost in your eyes
This time they were different, and I found what it meant
After I leaned in, I helplessly fell inHelp me I've fallen in love, and now I can't get up
Somewhere between your lips, is where I think my heart slipped
I tried to catch myself, not even I could have helped myself from
falling
I think that I'm in loveIn love and I can't see,what's happing to me
You blinded my thoughts, from what pain and tears taught
See my hearts been broken before,it don't trust love anymore
One kiss from you, I just planned myself for i do.Got me hypnotized with your magaic spell, I got butterflies
can't
control myself
Close my eyes at night and I dream of you, it's true, don't know
what to do
Don't stop now
Since I let you in
You showed me how
You showed me how to love again,
I've fallen please help meGot me hypnotized with your magic spell, I think that I'm in love
Close my eyes at night and I dream of you, I think that I'm in love
It's true,don't know what to do,don't stop now, I can't get up
Its's true, don't know what to do, don't stop now, I think that I'm in
love,in love
