Machel Montano

Huy

Oh woy oh oh ahh ahh

Oh girl oh oh oh oh oh

Take a wine deh

Take a wine dung deh

Baby

I've travel through the stars

And many moons to find you

Baby

The sugar on your skin

The sweetest melanin

Yeah!

See when you out into the light and your body looking right

No conslettation in the sky could ever take your shine

I'll travel a million miles

Just to look up upon your smile

Baby look up through the clouds

Right now say it to me

I will be around for the entire night

See baby while I'm close i'll be here by yoursides

You doing things to me that i cannot deny

The way you looking girl you are so certified

Cut me back one time when uu give me that

Fast wine

Take my boat to the dockside and anchor down by the bedside gimme that

Fast wine

Take my boat to the dockside and anchor down by the bedside

Baby

I see you as a queen

Yeah!

Baby

When uu put on your crown

I kneel down to the ground girl

See when you step out into the light and your body looking right

No conslettation in the sky could ever take your shine

I'll travel a million miles

Just to look up upon your smile

Baby look up through the clouds

Right now say it to me

I will be around for the entire night
See baby while I'm close i'll be here by yourside
You doing things to me that i cannot deny
The way you looking girl you are so certified
Cut me back one time when uu give me that
Fast wine
Take my boat to the dockside and anchor down by the bedside gimmie that
Fast wine
Take my boat to the dockside and anchor down by the bedside
Anchor down by the bedside
Cut me back one time
Speed up the wine
Baby ah ah ah
Baby woi oh oh oh oh
Wine down dung dey
Pass the wine
Take my boat to the dockside
Anchor down by the bedside
Gimmie that
Fast wine
Take my boat to the dockside
Anchor down by the bedside
Anchor down by the bedside
