

Wanderin'

[Chris Isaak](#)

Big clouds pick on the little ones.
Evening shade drives out the sun.
Sorry for the stuff I've done.
To me you're still the only one. I'm wanderin', Lost and wanderin'
Cold winds blow in from the edge of town.
Circus tents all got blown down.
All the freaks are running round.
And I lost every friend I've found. I'm wanderin' out here wanderin'
I have only one regret.
I hurt everyone I've met.
And as I drift from town to town.
There's nothing left to hold me down.
I'm wanderin' I am wanderin' Show time's over in a crowd heads home.
Here I sit left on my own.
What have I done that's so wrong,
that I should always be alone.
