Pull Me Closer, Violent Dancer

Project 86

I've got a monster to tame
It looks a lot like your face
I said to let go of all your inhibitions with me
We'll make all our worries disappear with our feet
Don't worry, don't worry
Come with me, come with me
And move now slowly, slowly
Sweat it out, sweat it out
Don't stop pulling me closer
I love it when you let me fall to your hands
Don't stop pulling me closer
My favorite thing is when you don't stop dancing
I've got a monster to please
It says to dance with me
Please violent dancer drag yourself to the floor
And don't stop swinging till we break down the doors
And swing now, swing now
Twist around, twist around

And move now further, further
Sweat it out, sweat it out
Don't stop pulling me closer
I love it when you let me fall to your hands
Don't stop pulling me closer
My favorite thing is when you don't stop dancing
Don't stop pulling me closer
Don't stop pulling me closer
My favorite thing is when you don't stop dancing
Don't stop pulling me closer
I love it when you let me fall to your hands
Don't stop pulling me closer
My favorite thing is when you don't stop dancing
Don't stop pulling me closer
I love it when the stage is starting to shake
Don't stop pulling me closer
My favorite thing is when you don't stop dancing
