

# Pull Me Closer, Violent Dancer

## Project 86

I've got a monster to tame  
It looks a lot like your face  
I said to let go of all your inhibitions with me  
We'll make all our worries disappear with our feet  
Don't worry, don't worry  
Come with me, come with me  
And move now slowly, slowly  
Sweat it out, sweat it out  
Don't stop pulling me closer  
I love it when you let me fall to your hands  
Don't stop pulling me closer  
My favorite thing is when you don't stop dancing  
I've got a monster to please  
It says to dance with me  
Please violent dancer drag yourself to the floor  
And don't stop swinging till we break down the doors  
And swing now, swing now  
Twist around, twist around

And move now further, further  
Sweat it out, sweat it out  
Don't stop pulling me closer  
I love it when you let me fall to your hands  
Don't stop pulling me closer  
My favorite thing is when you don't stop dancing  
Don't stop pulling me closer  
Don't stop pulling me closer  
My favorite thing is when you don't stop dancing  
Don't stop pulling me closer  
I love it when you let me fall to your hands  
Don't stop pulling me closer  
My favorite thing is when you don't stop dancing  
Don't stop pulling me closer  
I love it when the stage is starting to shake  
Don't stop pulling me closer  
My favorite thing is when you don't stop dancing
