

What's Left

3 Doors Down

A few pictures, two tickets, from a trip we took last year

A handful of memories, some still seem clear

Few regrets, couple melodies, that remind me of you

Well, I could say that I won't miss this

But that wouldn't be the truthThere's no one here to blame and this is the only way

There's nothing left for us, to sayIt's time to let you go, it's what we have to do

It's time to give this up, I think that we both knew

There's nothing left to say, there's nothing left to prove

And now it's time to turn and walk away from

What's left of me and you

What's left of me and youBox of letters, that old t-shirt, still brings me back to you

A few more hours in the day, not sure what I should do

There's no one here to blame, and this is the only way

There's nothing left for us to sayIt's time to let you go, it's what we have to do

It's time to give this up, I think that we both knew

There's nothing left to say, there's nothing left to prove

And now it's time to turn and walk away from

What's left of me and youYou were the best thing I'll ever give up

And it's hard to see the truth

When you think you're still in love

The only way to get on with my life

Is to say goodbye, so goodbyeIt's time to let you go, it's what we have to do

It's time to give this up, I think that we both knew

There's nothing left to save and nothing left to prove

And now it's time to turn and walk away from

What's left of me and you

Whoa-oh-oh that's left of me and youA few pictures, two tickets, from a trip we took last year

A handful of memories, some still seem clear
