Let It Go

Gabriel Rios

That's how it feels when she comes to you real
And your fingers grow wild like the mind of a child
Get in and get dreams, but you burst at the seams
And your dreams all get rough, cause you can't get enoughWhen it's gone, don't hold on
Let it go
When it's gone, don't hold on
Let it goIn this black coal diamond world
Filled with brave little men
Don't get caught in the trend of living life at the end, no
A true heart is not enough,
Cause you can't run with what you been stealing
Cause you'll be giving it upWhen it's gone, don't hold on
Let it go
When it's gone, don't hold on
Let it goAnd you will see that
The stuff you are made of
And what you think is dying
Is worlds living on their own
Oh but baby don't wake up
Cause I like wearing this make-up
Let me put it onAlone in the dark
I can shine like a spark,
Forgetting the world like I am someone's lost ark
There was a hole in the girl
Where I could sit and pretendWhen it's gone, don't hold on
Let it go
When it's gone, don't hold on
Let it go, let it go, let it go, let it go
