

# Me or You

## Killing Joke

Is it me or is it you  
And can I find the answer?  
There's a new beginning, who I wanna see you there  
Is it me or is it you  
Where my heart is calling? Shall we wake up and live?  
Kiss the next one you see  
I told you once so I'll tell you twice Yes, you can come with me  
Then we'll share a dream  
All day, all night Is it me or is it you  
And did you see the morning?  
There's a new beginning, who Where the fields are young  
Is it me or is it you  
Where my heart is always? Shall we wake up and live  
Kiss the next one you see  
I told you once so I'll tell you twice Yes, you can come with me  
Then we'll share a dream  
All day, all night Is it me or is it you?  
Now we see the sunshine  
In a new beginning, who Where our days will change  
Is it me or is it you?  
Now we've seen the morning Shall we wake up and live  
Kiss the next one you see  
Another world song, yo, ho Sitting in our hand  
I told you once so I'll tell you twice  
Yes, you can come with me  
Then we'll share a dream  
All day, all night Is it me or you and can I find out? Whoa, oh  
Is it me or you and can I find out? Whoa, oh  
Is it me or you and can I find out? Whoa, oh
