

Carnal Forge

Carcass

Multifarious carnage
Meretriciously internecine
Sublime enmangling steelbath
Of escheated atrocitiesEnigmatic longanimity
Of ruminant mass graves
Meritorious victory
Into body-bags now scrapedRegnant fleshpiles
The dead regorged
Oscularoty majestic wrath
This carnal forgeDesentisised to perspicuous horror
Dehumanized fresh cannon fodderMeritorious horror
Perspicuous onslaught
Dehumanized cannon fodderKilling santised
Slaughter scantified
Desentised to genocideReigning corpsepiles
Death regorged
Sousing bloodbath
Carnage forgedIn the cold, callous dignity
Of the mass graveMultiferocious carnage
Cruel, mendacious breed
Sublime, murderous bloodbath
Of fiscal atrocitiesInexorable mettle
In redolent consomm
An opprobrious crucible
Of molten human wastePriapismic deathpiles
Infinitely regorged
The smelting butchery
Of the carnal forgeDesentised to pragmatic murder
Dehumanized into cannon fodder
