

# I Don't Love You Anymore

[Del Reeves](#)

I don't love you anymore not the way I did before  
And since you've found someone new I think it's best  
I don't cry and walk the floor I don't love you anymore  
Trouble is I don't love you anyless I don't love you anymore for I've got no more love to give  
You drained my heart of all its love with every sweet caress  
I keep saying o'er and o'er I don't love you anymore  
Trouble is I don't love you anyless  
[ piano ]  
I held you close to me one time I kissed your lips and called you mine  
But another came and thrilled you more I guess  
I cried as you walked out the door I don't love you anymore  
Trouble is I don't love you anyless I don't love you anymore...  
Trouble is I don't love you anyless
