

Emperor

Marcy Playground

Ride my bike, I ride it everywhere
Like a ghost sailing the road
And oh, on my bike I'm the emperor All alone, safe in my room again
Out the window staring at clouds
And oh, in my room I'm the emperor In my life, I choose everything
If you ask me, you're all the same
And oh, in my life I'm the emperor One day I'll be gone
You'll be just sitting there
Wondering what happened to John Oh, oh, oh, I'm the emperor
Oh, oh, oh, I'm the emperor
Ooh, oh, oh, oh, oh yeah Loneliness
Just when I thought it was over
It started again Ride my bike, I ride it everywhere
Like a ghost, I ride it everywhere
