

Holding Up the Sky

[Buddy & Julie Miller](#)

When the night has stayed too long
And tears won't keep
When the sun beats down too strong
Our love runs deep And our love will hold up the sky
When the rain comes down too hard
It's a cord that will not untie
It's a promise the angels guard
It will always be your name
Written on my heart You are inside my heart Baby our love was meant to be
It's from God's hands
Even when dreams turn to memories
Our love will dance And our love will hold up the sky
When the rain comes down too hard
It's a cord that will not untie
It's a promise the angels guard
It will always be your name
Written on my heart You are inside my heart
