

# Tonight (feat. Niko Ellison & Tommy Gunna)

## JUS

Rap: Shining like a flashlight  
Just trying to get her cash right  
She's leveled up in this fast life  
So fake fools best act right  
Booshie chick's I brake'em  
Smash quick and I shake'em  
From the front seat to the condo  
She's givin me brain  
I'm runnin this game  
9500 no convo  
See she be on her G shit  
Why these fools be on that weak shit  
She be on my sbc tip  
Calculatin that's everyday  
Just gettin mine now she's on her way

Singer: I see these fine breezy's everywhere  
You can smell the sex in the air  
But there's one shorty I see  
And she's comin home with me  
I toss the valet my keys  
Cause tonight I'm in for a strip tease  
Made my way over to the bar  
My day 1's around this star  
Reason why I made it here this far  
Hey girl lookey here  
Let me whisper in your ear  
You and your girls can follow me  
Got them bottles got them trees  
All night long party for free

Pre Chorus: Girl you just my type  
Body lookin right  
You can come with me & do whatever you like  
Slow down on that drink  
Sip it real slow  
Meet me outside baby  
Keep it on the low
