

My Whole Life Long

Delta Rae

I wanna love you
in the daylight
with the world all alive around us Cause it's too hard
through a phoneline
to hold you the way I want to So don't leave me
Say you need me
Have a little faith in what we've made
Just think about how strong our love has grown
Think about how good these seeds have sown
I will love you
I will love you my whole life long
Oh yea, oh oh, my baby
And I wanna love you in the darkness
With the night rolling in like thunder Cause it's too easy baby
when I've spent so many nights alone
to forget how you pull me under So don't leave me
Say you need me
Have a little faith in what we've made
Just think about how strong our love has grown
Think about how good these seeds have sown
I will love you (I will love you)
I will love you my whole life long (I will love you)
Oh yea, oh oh, my baby
Think about how strong our love has grown
Think about how good these seeds have sown
I will love you (I will love you)
I will love you my whole life long (I will love you)
Oh yea, oh, oh, my baby My whole life long
Yea
My whole life
My whole life
Just think about how strong our love has grown
Think about how good these seeds have sown
I will love you
I will love you
My whole life long
