

# Old Man

## A Telemetry

renaissance the revival  
people reaching out toward the sun  
is it different in my life  
need to work hard get it done

why now I can see  
to learn from the past  
and seek a new history

old man - I got you trapped in a corner  
old man - let me pick your brain  
old man - I seek your wisdom  
old man - is there still a chance

ignorance is denial  
disposable hero creates a pun  
nothing ventured nothing gained  
no example neck is hung

why now look to pass  
to learn from mistakes  
and build that steady cast

old man - I got you trapped in a corner  
old man - let me pick your brain  
old man - I seek your wisdom  
old man - is there still a chance

unraveled - your banished to fall  
to lose the lion share  
and beg to them all

old man - I got you trapped in a corner  
old man - let me pick your brain  
old man - I seek your wisdom  
old man - is there still a chance

---
