

My Love (Maison Sky Remix) (feat. Jess Glynne)

Route 94

There's nothing more that I would have that I could need
'Cause having this means that I've got it all
When I was taking turns and you were wrong for me
You chose to understand and let it go And oh, you've turned this black heart, made it into gold
So I wanna let you know that
My love and my touch, up above is made with the warmth of my
My love and my touch, up above is made with the warmth of my love
Oh, love Control is such an open-ended word for me
Something that I used to think I owned
I'm standing here with none, I'm feeling so complete
You helped me understand to let it go And oh, you've turned this black heart made it into gold
So I wanna let you know that My love and my touch, up above is made with the warmth of my
My love and my touch, up above is made with the warmth of my
My love and my touch, up above is made with the warmth of my
My love and my touch, up above is made with the warmth of my love Stay close to me, love
Stay close to me, yeah, love
Stay close to me, love My love and my touch, up above is made with the warmth of my
My love and my touch, up above is made with the warmth of my
My love and my touch, up above is made with the warmth of my
My love and my touch, up above is made with the warmth of my love
